EnergyQuest

About EnergyQuest

EnergyQuest is an energy consulting company established by Dr Graeme Bethune in 2005 to provide strategic analysis on Australian oil, gas and unconventional energy sources. It produces regular multi-client reports and undertakes specific consulting assignments.

EnergyQuest is increasingly recognised as an authoritative source of data and analysis on Australian energy and its reports on energy trends are regularly quoted by the major international news services such as Bloomberg, Platts and Dow Jones, as well as by the Australian media. The Australian Energy Regulator made extensive use of EnergyQuest data in their State of the Energy Market 2008 Report.

EnergyQuest's clients include major Australian companies, most Australian governments, institutional investors and a number of international companies.

EnergyQuest is a member of the Australian Petroleum Production and Exploration Association, the Australian upstream oil industry association.

Multi-Client Reports

EnergyQuest produces the ***EnergyQuarterly***, which provides comprehensive and timely statistical analysis of oil and gas production, reserves, development projects, gas contracts and prices in Australia.

EnergyQuest has also recently released a major new 140 page multi-client study, ***Australian Coal Seam Gas 2008: CSG Meets LNG*** and, with Mike Cochran, a comprehensive review of Australian biofuels, ***Australian Biofuels 2008***.

Dr Graeme Bethune Chief Executive

Graeme Bethune is CEO of EnergyQuest, which provides advisory services to energy companies, investors and governments.

In a short period EnergyQuest has established itself as a leader in Australian energy analysis and strategy. Graeme Bethune is regularly asked to speak at energy conferences in Australia and Asia and is regularly quoted by the media.

He is the author of major EnergyQuest reports and has undertaken consulting assignments on oil, gas and alternative fuels for Australian and international clients.

Graeme ranks in the top 5% of experts in the Gerson Lehrman Energy and Industrials Council, a global network of over 30,000 experts in the energy, transport and industrials sectors, providing advice to investors, professional services firms and companies.

Prior to establishing EnergyQuest in 2005, Graeme held a range of senior positions with the Australian energy group, Santos, responsible for finance, business development and investor relations.

He has also served on a number of government, commercial and charity boards and government reviews.

Graeme has a first-class honours degree in economics from Monash University and a PhD from the Australian National University. He has undertaken the executive program at the Graduate School of Business at Stanford University, is a fellow of the Australian Institute of Company Directors and the Australian Society of Certified Practising Accountants and is a member of the US Society of Petroleum Engineers and the Australian Institute of Energy, of which he is chair of the South Australian branch.

Graeme Atwell Senior Associate

Graeme has over 40 years of experience in the energy industry in Australia, primarily in gas and power.

Since joining EnergyQuest in 2007, Graeme has advised both gas users and producers on strategic and commercial issues. He has also acted as an independent expert in gas price arbitrations.

For over 30 years, Graeme operated in a diverse range of roles in the electricity generation industry in South Australia. This included power station design, operation and maintenance, coal mining and purchasing and trading of gas for electricity generation.

Between 2001 and 2007, Graeme was employed by Santos in key commercial roles. This included marketing and commercialisation of gas from the Cooper Basin, including the sale of 500PJ of gas (over \$2 billion) to AGL in 2002, major ethane sales to Qenos in Sydney, and negotiation and establishment of Australia's first major gas swap agreement which enabled Queensland CSM to be contractually supplied to Sydney markets.

Within Santos, Graeme was also responsible for commercialisation of Santos' Timor Sea assets and played a key role in the project to bring PNG gas to Australia.

In support of Graeme's commercial and contractual responsibilities he also completed a Professional Certificate in Arbitration and Mediation.

Graeme is a member of the Australian Institute of Energy, and the Institute of Arbitrators and Mediators.
