## Marie-louise Lees

### Senior Associate

Marie-louise is a petroleum engineer with over 30 years domestic upstream oil and gas industry experience and meets requirement under the ASX listing rules to act as a Qualified Petroleum Reserves and Resources Evaluator. Marie-louise joined EnergyQuest in January 2019.

For 29 years to July 2017, Marie-louise worked for Santos in many Reservoir Engineering, Development Planning and Leadership Roles including Chief Reservoir Engineer, General Manager Reservoir Development and Cooper Basin Development Manager. During her career with Santos Marie-louise worked in Development Planning and Reservoir Engineering roles in the Cooper Basin, Victoria, Northern Territory, Western Australia, Papua New Guinea, Vietnam, Bangladesh and Indonesia.

Marie-louise worked in Operated and Non-Operated roles on major gas projects such as Tirrawarra miscible flood EOR, Moomba and Chookoo Gas Storage, PNG LNG, Kipper and Henry – Netherby Projects. Marie-louise has deep understanding from reservoir through to oil and gas processing facilities. She started her career working for Esso Australia as a process engineer based at the Longford Processing Plant.

Marie-louise has a Bachelor of Chemical Engineering with first class honours from the University of Adelaide. She is a life member of the Society of Petroleum Engineers, a member of Engineers Australia, a Certified Professional Engineer and a registered Petroleum Engineer with the Board of Professional Engineers, Queensland. Marie-louise has held positions on the Advisory Board of the Australian School of Petroleum (ASP) located at the University of Adelaide and the South Australian Women in Resources committee. From 2018-22 Marie-louise delivered the fourth year Reservoirs, Resources and Reserves course at the ASP, and she has also served on the Technical Programme Committee and chaired panel sessions at several SPE Asia Pacific Oil and Gas Conferences.
