

ENERGYQUEST

ENERGY QUARTERLY

MARCH 2023 REPORT

The Government takes over

E N E R G Y Q U E S T

EnergyQuarterly

EnergyQuarterly is an up-to-date, independent and comprehensive 160 page report on Australian oil and gas production, reserves, prices and development projects, utilizing EnergyQuest's proprietary statistical data bases.

Each quarter the report provides:

- Comprehensive analysis of current developments and issues in both **global** and **Australian energy**.
- Australian oil, gas, and liquids **production** by basin/field and company, with analysis of developments.
- **Reserves** estimates by product, basin/field and company, with maps.
- Oil and gas **resources** estimates.
- **Domestic gas** and **LNG price** information.
- Analysis of new **gas contracts**.
- Separate estimates of natural gas and **ethane** production.
- Australian **state** gas markets
- Electricity market developments
- Gas-use for **power generation**
- Company production by **region and field**.
- Details of oil and gas **development projects**.
- Major **gas plants** and **pipelines**.
- **PNG** oil and gas production by company and field.
- **New Zealand** production

The report is **timely**, produced within eight weeks of each quarter end.

The report is used by companies for:

- Board presentations
- Investor presentations
- Government presentations
- Strategy development
- Gas purchase and sales
- Liquids purchase and sales
- Market analysis

It is used by governments for:

- Timely statistics
- Analysing supply options
- Ministerial briefing
- Following company activities
- Policy development

It is used by investors and analysts:

- Production monitoring
- Market analysis
- Earnings forecasting

www.energyquest.com.au

E N E R G Y Q U E S T

Data from the report is regularly used by major companies in public presentations, as well as internally. Subscribers include Australian and state government agencies and a wide range of energy producers and energy buyers.

The report is **user-friendly**, with data provided in easy to read tables and Excel spreadsheet format. Charts and tables highlight recent changes.

The data is **rigorously cross-checked** against other sources.

An example of the report Table of Contents and the EnergyQuarterly Order Form are set out on the following pages.

If you are interested in the report, please return the Order Form to admin@energyquest.com.au, or we can provide a sample report for your review.

EnergyQuest retains the copyright to the report, and it cannot be used publicly, copied or distributed without EnergyQuest's permission. The EnergyQuest Standard Terms and Conditions apply, and are available on our website, or through this [link](#).

Yours sincerely,

ENERGYQUEST

March 2023 Contents

Preface	2
EnergyQuest news	3
List of tables	7
List of figures	9
Key statistics	11
1. Observations	13
Government gas market takeover	13
Domestic price cap	15
\$78/GJ gas price cap in Europe, \$12/GJ in Australia	16
Mandatory Code of Conduct	16
Reasonable pricing provision	17
Government LNG export controls	17
Greens play with fire on Safeguard Mechanism	19
Reaching net zero a daunting task for Australia	20
BP 2023 Energy Outlook	21
Important changes in Australian LNG trade in 2022	23
2. Energy prices	25
Solar surge pushes down east coast spot gas prices	25
Federal gas price cap	26
Electricity futures	27
Sliding international energy prices	28
Comparison of domestic and international gas prices	31
Australian gas prices	31
Strong Australian LNG prices	32
Lower east coast wholesale prices	33
Consumer gas prices up 17%	33
WA domgas prices	34
Lower east coast spot prices	34
Recent east coast contract prices	36
3. East coast gas market	37
Gas market measures already disrupting supply	37
ACCC Gas Inquiry January 2023 Interim Report	38
East coast gas market balanced in Q4	39
Lower domestic gas demand	40
Lower gas supply	41
Continuing run down from storage	42
Gas flowing east again	42
East coast gas development projects	44
LNG import projects	44
Recent domestic contracts	45
4. East coast electricity market	47
Growing concern about future blackouts	47
Wholesale spot prices still high but drop from Q3	48
Retail electricity prices	49
Steady Q4 power consumption	50
Coal generation fell further in Q4	50

ABN 89 139 665 295 ACN 139 665 295
Unit 1002, 527 Coronation Drive, Toowong QLD 4066

www.energyquest.com.au

E N E R G Y Q U E S T

GPG down by 3% qoq	50
Zero emission generation share 40% in Q4	51
Q4 generation by state.....	52
Gas generation was down 31% mom in January.	53
5. Western Australia energy market.....	54
Disruptions raise concerns about WA gas supply security	54
AEMO forecasts tight gas market to 2029.....	54
Western Australian gas prices increasing.....	55
WA domestic gas demand up 5.9% qoq in Q4	56
WEM demand down 5% qoq	57
WEM prices.....	58
Higher WA domgas production.....	58
Storage withdrawal	59
Perth Basin consolidation underway.....	59
6. Renewables.....	60
Renewables fall short	60
More public money for batteries	60
Solar thermal finally gets go ahead	61
Offshore wind.....	61
Other project and corporate news	62
Rooftop solar hits record 20 GW	62
7. Exploration.....	63
\$450 million drilling boom in Perth Basin	63
Exploration spend continues to sink	63
Beetaloo Basin.....	64
Omega wildcat aims for Tcfs	64
Origin gives Buru a break	65
Is 2023 the breakout year for the Amadeus Basin?	65
Offshore drilling drought continues	66
Wells to watch.....	66
8. Politics and policy.....	68
At last an emissions trading scheme?.....	68
Chubb Review of offsets.....	70
Safeguard Mechanism - cost impact	71
Supply and demand for offsets	72
Impact on CCS economics	72
9. Companies.....	74
A tale of two cities – upstream versus downstream	74
A shadow over the east coast.....	74
Brookfield/EIG stick with Origin bid.....	75
Santos boosts returns	75
Warrego, Norwest make an exit	76
10. Carbon Monitor	77
Australian emissions up in all sectors but electricity.....	77
Copper limits on net zero goals	78
11. Future fuels monitor.....	79
National hydrogen strategy to be reviewed.....	79
Methanol rises to the top	79
Iberdrola throws its weight behind Powerfuels	80
World-first solar methanol facility.....	80

E N E R G Y Q U E S T

Other project news.....	81
12. Reserves and resources	83
121% east coast gas 2P reserves replacement	83
Woodside reserves post-acquisition	83
Santos Australian reserves	84
Total gas reserves and resources	85
CSG reserves and resources	85
Total Australian gas reserves	88
Reserves of oil and natural gas liquids	92
Australian petroleum resources	96
PNG reserves and resources.....	97
Timor Leste reserves and resources.....	97
13. Gas markets and infrastructure	98
East coast gas consumption falls as prices rise	98
Higher WA consumption	99
Pipeline flows	100
Gas pipeline tariffs	103
East coast gas storage	104
Gas processing plants	104
14. Liquefied natural gas	106
Australian 2022 LNG exports \$91 billion	106
Strong LNG prices continue.....	107
Chevron extends lead as largest producer	108
LNG export markets.....	111
China imports begin rebound.....	111
Australia top supplier to Japan	112
Korean imports rising	113
Taiwan imports increase	113
Projects under development	114
Regulatory delays causing concern at Scarborough	114
Producing projects.....	115
Gorgon becomes largest LNG project	115
NWS at 91% capacity with help from Pluto gas	116
Wheatstone at 118%.....	116
Pluto exports through NWS	116
Ichthys steady	117
15. Australian conventional gas	118
East coast gas reaches five-year high	118
WA domestic gas recovery	118
East coast defies predictions	119
West coast	120
Woodside becomes top domestic producer	121
Western Australia developments	122
Waitsia Stage 2 hit by Clough collapse	122
Walyering first gas imminent.....	123
East coast developments.....	123
Cooper Basin production recovering	124
Vintage brings Vali into production	124
Northern Territory developments	125
Blacktip decline continues	125
Central's Palm Valley well exceeds expectations.....	125

E N E R G Y Q U E S T

16. Coal seam gas	126
Floods slow east coast exports	126
Drilling activity begins recovery	129
Pipelines flows more variable	130
Wet weather leads to cut in APLNG guidance for FY 2023.....	130
GLNG equity production record	132
QCLNG shipments lowest in almost three years	133
Other projects	134
Senex halts Atlas expansion.....	134
Narrabri delayed again by court action	135
Arrow activity slowly increasing	135
Meridian production increases	135
Galilee Basin challenges	135
17. Total natural gas and ethane	137
Record national gas production	137
Ethane production decrease	142
18. Oil and liquids	143
Dorado takes a step forward.....	143
Woodside dominates production	144
Western Australia.....	145
Flooding continues to affect Cooper Basin producers	146
Gippsland.....	146
Condensate lower again	146
Higher LPG production	148
Higher oil and liquids production.....	150
19. Total Australian petroleum production	153
Ninth consecutive record	153
Woodside settles in at No. 2	154
20. New Zealand	157
More freak weather.....	157
Gas production resumes decline	157
21. Timor-Leste	159
Sunrise edges ahead.....	159
Only a couple of cargoes left in Bayu-Undan	159
22. Papua New Guinea	161
PNG selldown drags on	161
Data sources and definitions	163
Definitions.....	163
Abbreviations	164
Conversion factors	167
